

2026 part 3 Eli DeJure

ooooooo

Even my bodily afflictions and sickness is a distraction.

Focus and follow God the Father Jesus Christ and His words and commandments and partake of the fruits of the spirit also known as the fruit from the tree of life in galatians 5, and when the evil darkness is beginning to manifest or hard to bear, quickly repent and focus back to God the Father Jesus Christ, Amen.

Always praise and call our God the Father Jesus Christ

Another thing i pondered was what God the Father Jesus Christ told me through my bethrode: "Fear not on sinning that ye walk away from Me"

now i understand it was about who i empower and focus on

i forgot to mention my bethrode from God the Father Jesus Christ also had me do praise songs morning and evening for God the Father Jesus Christ

now what i want overriding my brain is the reminders of the holy spirit of works and words of God the Father Jesus Christ, and then I want to hear His voice constantly, and i want to be one with God the Father Jesus Christ as He is in me

I also changed my prayer from "may i be divine universal righteous love and righteous understanding just like how you are my God the Father Jesus Christ"

to

"I am one with you God the Father Jesus Christ as You are in me"

this feb 2 i realized some of my brethrens, even for however long theyve known me (like months all throughout my ignorance to my being redeemed and following God the Father Jesus Christ) through their connection to my body and mind, emotions etc that i realize they and their words are not dependable even for however long theyve known me as it shows in how they express their words, their opinions and judgement and remarks (usually in the nature of the sinful fruits of the flesh) about me, that further points my thoughts that there is only one voice i can rely and listen to and that is God the Father Jesus Christ as He is dependable and omniscient, Amen.

about my brethrens, i further realized there are three kinds: those who heed and follow the words of God the Father Jesus Christ.

those who falter and sometimes get consumed by the sinful fruits of the flesh like anger.

and the third kind, those that are wicked that are mentioned in the scriptures.

so those are the people that are connected to me.
